WIDA: Are you a student who spoke another language before you learned English? WIDA Access for ELLs 2.0 testing will begin next week! This is a federally mandated test for ALL students for whom English is not their first language. A composite score of 5 or higher this year means that you do not have to take it again next year. All WIDA testing will be taking place in P-18 (the computer lab portable below the gym) with Ms. Olson. Your teachers will know when to send you, and you will be excused from class for testing.

Next week Friday will be the last day to order a 2019 yearbook. No extra yearbooks will be ordered. To pay cash come to the SAC Office or pay with a credit card online at <https://www.yearbookordercenter.com/?event=general.displayLanding&jobnumber=10945> If you can't remember if you paid for one come to the SAC Office to check.

Free water bottles compliments of Kaiser Permanente. Come to the SAC Office during recess or lunch. One per a student. First come first serve. Only a few available so come get them before they are all gone.

Did you see the new sculpture on campus? The sculpture is a physical metaphor for the development of students. The transition from the rough hewn surface to the carved surface to the stainless steel fabrication reflect the students transformation from a rough potential to one developed to allow the students to succeed in life. The mooring hole near the bottom is reminiscent of Hawaiian mooring /anchor holes and associates to Lahaina as a safe harbor with its calm waters. Metaphorically it provides an anchor for the students to the school and the close-knit community.
