The community is invited to Lahainaluna High School's second student showcase event on December 11, 2019, at 6:00 pm at the school's Cafeteria. Themed, "Celebrating Student's Innovative Learning," students will exhibit their Project-Based Learning (PBL) finished works that were implemented from various disciplines in Science, Technology, Engineering, Math, Arts, and Social Science. Guests will have an opportunity to meet and interact with the students regarding their projects. There will also be a learning station wherein guests will have an opportunity for hands-on activities like the spaghetti tower challenge, mystery architecture, and yoga sessions. PBL is a student-centered pedagogy that incorporates a high degree of student collaboration, critical thinking, creativity, and communication. Based on numerous research results, students have a deeper understanding through active engagements and discovery of real-world problems and challenges.
