### **Attention rising 6th through 12th graders in Maui County!**

We are searching for bold, innovative solutions to build a sustainable and vibrant economy now and for the future. Your idea may be the genesis for a new invention, service, technique, application or product that will help bolster Maui County's economy. The COVID-19 pandemic managed to cause havoc in our lives and turn our world upside down. We are faced with high unemployment, business closures and a dramatic rise in public health and safety problems.

As a community, we need to find a new direction and initiatives to reshape and enrich our quality of life (imi pono).

Overdependence on the visitor industry is no longer a viable option. COVID-19 hit this industry so hard it will arguably never be the same, and neither will we.

A survey of Hawaii residents was recently conducted to solicit ideas on what Maui County's "New Normal" should look like. We received promising suggestions and comments.

**For more information go to the website at <http://mauicounty.us/imipono/> Deadline to apply is Sept. 15, 2020**
