Hisako Film Lab is now accepting applications for their annual Summer Lab. Founded by Maui-raised filmmaker Destin Daniel Cretton, this advanced filmmaking program offers an in-depth immersion for motivated high school students eager to elevate their storytelling and production skills in an exciting, project-based environment.

Maui-based students from all schools entering grades 10-12 for the 2025-2026 school year (ages 15 and up) and graduating seniors (class of 2025) are eligible to apply.

Students will work together to create original short narrative films, with all equipment provided. They will go through the whole process of researching, pitching, writing, filming and editing their films, while receiving detailed guidance from a team of filmmaking instructors and film industry professionals. This program is absolutely free.

Program dates are June 10 to July 24. Classes will be held three days a week from 9 a.m. to 2 p.m. at the University of Hawai'i Maui College in the Media classroom, with various filming locations around the island during production. For more details and application, visit Hisako Film Lab's website: hisakofilmclub.com.
